WORK HISTORY

Mobile Developer | Founder, 11/2021 - Current

Fomo Social Inc – Gaithersburg, MD

- Collaborated on stages of systems development lifecycle from requirement gathering to production releases.
- Developed software for desktop and mobile operating systems.
- Took concepts and produced design mockups and prototypes to strengthen designs, enhance user experiences and improve site interactions.
- Integrated constructive programs into cohesive product.

- Resolved app defects by reviewing bug reports and tracking repeatable malfunctions within software titles.
- Employed coding practices based on commonly accepted standards to establish site layout and user interface.
- Used industry standard to plan and complete bi-weekly sprints.

Bike Technician, 04/2021 - Current

Dick's Sporting Goods – Gaithersburg, MD

- Serviced, maintained and repaired bicycles with focus on efficiency, quality and safety.
- Performed new bike assemblies and proper alignment of wheels to optimize performance.
- Installed, repaired and replaced equipment or accessories such as handlebars, stands and seats.
- Aligned wheels and installed and adjusted brakes and brake pads.
- Helped customers select bicycles to fit body size and intended bicycle uses.
- Provided recommendations to clients in alignment with needs, preferences and budgets.
- Self-motivated, with a strong sense of personal responsibility.
- Worked well in a team setting, providing support and guidance.

Front-End Web Developer | Founder, 11/2019 - 03/2021

Washe Technologies – Gaithersburg, MD

- Coded using HTML, CSS and JavaScript to develop features for desktop platforms.
- Delivered responsive web design projects in Agile framework.
- Improved tools to boost user interaction and deliver design versatility.
- Assisted back end developers with troubleshooting and problem solving.
- Established foundational processes for business operations.
- Analyzed and tracked business metrics and made appropriate adjustments to meet supply and demand needs.
- Reviewed individual department performance and worked with leadership to improve processes, procedures, and practices.
- Converted abstract ideas and requirements into user personas and storyboards.
- Devised site maps and mockups for designs based on proven methodologies and end-user feedback.
- Formatted copy to align with project-specific guidelines.
